Town of Lake City Monthly Report

March 2026

March brought a few more permits for both the Town and County, and with the unusual warm weather projects are being bumped up to April instead of May and June. There are several new homes in town under construction including the Climb restaurant, that now has a roof and is almost done with both the electrical rough in and the plumbing rough in. I believe the opening date is still sometime in June? Let's all keep our fingers crossed, still work to be done to get it up and running but the weather is on their side.

I just began to water Veterans Park for obvious reasons, it is the first time in the past 5 years I have started this early, I believe everyone is thinking of rain right now.

Move in date for our new Administration building is at the end of April, I believe furniture and the keys will be ready by April 20th. We are expecting to be mostly closed for a day or two mainly to get servers, copiers and computers up and running along with our new offices put together. Huge project, especially for Lake City glad we are coming to the end and look forward to moving day.

If you have any questions, comments, or concerns, please do not hesitate to ask.

Sincerely,

Gabe McNeese.
